

A black and white abstract artwork featuring a dense pattern of ink splatters and lines. The composition includes several large, dark, irregular shapes and numerous smaller, lighter dots of varying sizes. A prominent, thin black line runs diagonally across the lower half of the image. In the center, the words "Sights & Insights" are written in a cursive, handwritten style, with a small black dot preceding the text. Below this, the year "1985" is written in a similar cursive style.

It's the little things we do...

that make us different!

Like the bowl  full of luscious apples  that we keep in the lobby, yours for the picking. The mints on your pillow. And the way we squeeze your orange juice  fresh from the fruit. Need an extra blanket in the middle of the night, or  more champagne for your  after-theatre party? You know our employees will be at your service with smiles that will make you smile  right back! It's the little things we do that make the difference. It's because we want you to come back to see us ...

Dear Everyone,

Finally, the 1984-1985 Salem College Sights and Insights is finished. This year there has been a great deal of work, time, energy, and thought put into this annual. We hope that you are as happy with the annual as we are.

We would like to thank all the people who help to make this annual a success.

The members of the staff, the photographers, our parents and most of all Mrs. Litzenburg, helped us emensely to make this annual.

Good Luck Kim and Amanda!

Thank You,
May and Susan
